INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Sanford Directory since 1950), present to subscribers and the general public, this, the 1971 edition of the Sanford City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 City, County, State, and National Directories).

Confidence in the growth of Sanford's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Sanford to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sanford Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Sanford, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Sanford, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Sanford.

The Sanford Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Sanford City Directory, a Directory Library is maintained in the offices of the Sanford Chamber Of Commerce Inc., for free reference by the general public. This is one of more than 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

SANFORD

"WHERE BUSINESS AND FRIENDSHIP THRIVE"

(Courtesy Sanford Chamber Of Commerce, Inc.)

Sanford is located near the geographical center of the state in the healthful pine belt, 46 miles southwest of Raleigh, N. C. It was incorporated in 1874, just after the Raleigh and Augusta Air Line Railroad was completed from Raleigh. About 200 people lived here at that time. The town was named for Colonel C. O. Sanford, chief civil engineer for the railroad, who lived here several months while the railroad was being built.

Population

The 1880 census indicated a population of 236. By 1950, it had grown to 10,013, and in 1970 increased to 12,000. Sanford is known as a friendly city; visitors note that friendliness is an outstanding characteristic of the citizens.

LEE COUNTY

Sanford is one of only two incorporated towns in the county (the other being the Town of Broadway). The county was formed by the Gen-

eral Assembly in 1907 from parts of Moore and Chatham Counties, and named it in honor of Gen. Robert E. Lee.

First settlements in the area were established about 1745, but before that large numbers of Scots were moving along the Cape Fear and Deep Rivers.

Agriculture

Agricultural crops include tobacco, cotton, corn, and soybeans. There has been a gratifying increase of livestock of all kinds on the farms. The tobacco market is among the best in the state as far as prices are concerned. The stores are equal to the best—as visitors know. Natural Resources: Clay, timber, coal.

Housing

Building goes on all the time. New residents come in constantly. Living costs are reasonable. Food is produced in abundance, and local markets afford a bountiful supply of poultry, dairy products, meats, fruit and vegetables.

Recreation

The city of Sanford has a full time Recreation Department staffed with paid Recreation and Parks personnel. This offers city residents two municipal swimming pools, eight all weather tennis courts, seven lighted athletic fields, and a full range of year round recreation activities for young and old.

Fishing and boating are both available for those who desire it. A municipal golf course and clubhouse, two modern movie houses afford the residents a wide range of activities. Two eighteen hole championship golf courses are under construction, nearby.

Churches

The Sanford area has 32 churches, representing most all major religious denominations. Buffalo Presbyterian Church, near the city limits, is one of the oldest in the area. It was first organized in 1797, by Scotch Highlanders.

Climate

Sanford's climate is a big asset to manufacturing and agriculture. It permits uninterrupted production throughout the year, thereby lowering operating costs. Winters are short. Summers are long and warm, but not oppressive. Precipitation varies from 42 to 52 inches. Mean annual temperature, 59.2 degrees F. Altitude, 370 feet.

Airport

Sanford has an all-weather airport located three quarters of a mile Southwest of the city limits. At present there is a 3,500 all-weather runway lighted for night operations with 80-100 octane, plus jet fuel, available. All metal T-hangars and tie down facilities are also provided. Recently completed is a new operational building and pilots lounge.

timberland, it offers the farmers markets for their products and supplies for their families, homes, farms and sawmills. It has a balanced and diversified industrial life. 53 manufacturing plants afford a great variety of places for the residents to work.

These render civic, fraternal, patriotic and social services.

The Sanford Chamber Of Commerce

The membership of the Sanford Chamber Of Commerce Inc. is made up of the business and professional men of the community, who not only are interested in the work, but also enter actively into the problems and tasks confronting the Chamber.

The influence of this body has been largely responsible for the many developments in the city, and in every progressive movement the Chamber Of Commerce uses its agencies and influence for the best interests of the community. The Chamber Of Commerce also serves as a clearing house and general bureau of information, and as a license bureau for the sale of automobile license plates.

Old Locomotive Restored By Civic Groups And Railroad House Historical Association

The management of the Chamber is in the hands of a board of directors who employ an Executive Vice President and a secretary, and maintain offices at the Railroad House, corner of Hawkins Avenue and Carthage Street.

The Railroad House

Sanford's oldest house was recently renovated by the Railroad House Historical Association, and is now used as a historical museum, and as home for the Sanford Area Chamber Of Commerce.

The house was originally built in 1872, as a home for W. T. Tucker, Raleigh and Augusta Airline Railroad's first depot agent in the area, who was designated by the House of Representatives to be Sanford's first mayor when the town was incorporated in 1874.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Measures of Value...

The dollar is an accepted measure of value. So are the All-Electric Building Award and A Total-Electric Living Award.

For business, industry, schools and churches, the All-Electric Award means that flameless electricity is the only source of energy for the building. It is used for heating and cooling as well as for lighting and power.

In homes and apartments, Total Electric Living is a symbol of the luxurious comfort, convenience and practical economy of modern flameless electric living.

If you would like more value for your dollar investigate All-Electric. A CP&L Representative will be glad to give you more information. Just call your nearest CP&L office.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES

1971

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"BUYERS' GUIDE SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.
